PROJECTS

Personal Portfolio Website

github.com/anshita-18h/portfolio

- Designed and built a fully responsive personal portfolio from scratch using semantic HTML5 and custom CSS, without relying on any front-end framework.
- Implemented a skills timeline, project showcase, and contact section; deployed live using GitHub Pages.
- Live site: anshita-18h.github.io/portfolio

EXPERIENCE & INVOLVEMENT

Open Source Contributor

Contributed to [[freeCodeCamp/freeCodeCamp](https://github.com/freeCodeCamp/freeCodeCamp)] by identifying and fixing ; pull request reviewed and merged into the main branch.
